MIT Road Maps General

This course has been inspired by and partly adapted from the excellent Road Maps course from the system dynamics group of J. W. Forrester, Sloan School of Management, Massachusetts Institute of Technology ERROR: Invalid Zotero username in config file.. This is especially the case for some working sheet structures and reading suggestions of the introductory sessions.

MIT Road Maps Worksheet

The worksheet has been inspired by and adapted from ERROR: Invalid Zotero username in config file..

Bossel General

Most of the models and parametrization are taken from another yet equally excellent book series called System Zoo and has been written by H. Bossel ERROR: Invalid Zotero username in config file., ERROR: Invalid Zotero username in config file. and ERROR: Invalid Zotero username in config file..

Bossel Model

The model and parametrization are taken from ERROR: Invalid Zotero username in config file., all models of the books can be downloaded from CESR.
